

December 11, 2006

Dear Fellow Residents:

In concept the Board of Selectmen approved the move of the Central Office of the Easton Redding Boards of Education to an area to be renovated in the old Samuel Staples School. We are looking for persons to serve as members on a Building Committee. We would like any interested parties to have construction experience of one kind or another. We anticipate that the project will be relatively short in duration, perhaps three to four months.

If you are interested in serving on this Committee, please provide a copy of your resume or letter expressing your interest to the Office of the First Selectman.

Thank you for considering this opportunity.

Sincerely yours,

William J. Kupinse, Jr.  
First Selectman
